DAVID MALLET - HAIR AND BODY WASH

In our very busy day-to-day lives, beauty rituals need to be efficient and enjoyable, but also simplified. For that, we have come up with a solution that suits both, men and women, alike.

David Mallett's Hair and Body Wash is an overall shampoo to cleanse, hydrate and purify your hair, scalp and skin. Easy to use, it was designed for both women and men, and it comes with all the beautiful benefits of bergamot.

The product is a pure delight to use: once applied, you are left feeling deliciously clean and moisturised, with a sensation of comfort and well-being. We have boosted our formula by moisturising ingredients that soothe and soften your skin, but also reinforce your hair against daily damages. And, as if kissed by the mild scent of bergamot, it carries your mind and senses instantaneously to somewhere in Sicily.

“To simplify your daily beauty rituals and to uplift your spirit, our new delicious Hair and Body Wash will be your perfect companion - after a workout, on a voyage, in your bathroom or - to keep it simple - at all times.”

David Mallett's Hair and Body wash is **enriched by bergamot**, which is famous for the toning and reinforcing qualities in beauty products. From Italian bergamotto, this rich, herbaceous and aromatic fruit has a long history of use in natural perfumery and is known to be one of the most important components in ancient medicines.

Time-honoured and exquisitely fragranced, bergamot orange may have originally meant “the prince of pears,” a label originating from the Turkish beg armut, for a good reason: since centuries, this delightful fruit is used for healing skin rashes, sores, eczema and even depression. In addition, our formula is rich in essential oils and carries extra health benefits of cedarwood, cypress, elemi, galbanum, mint, pine, lemon, orange, petitgrain and mandarin.

“The product is a pure delight: once applied, you are left feeling deliciously clean and moisturised, with a sensation of comfort and well-being”

When developing David Mallett's Hair and Body Wash, one of our main goals was to remove harsh and harmful chemicals. In consequence, this product comes **free of sulfates, paraben and silicone**. Furthermore, in order to respect hair's overall integrity, the foaming ingredients used in the shampoo are all of vegetal origin, thus making the product greener and kinder for the environment.

David Mallett's Hair and Body Wash is compatible with all **skin and hair types and is suitable for a daily use**. A valuable travel companion, it will help to minimise travel toiletries for the whole family – having only one bottle instead of many makes a big difference when travelling.

To simplify your daily beauty rituals and to uplift your spirit, David Mallett's Hair and Body Wash will be your perfect companion – after a workout, on a voyage, in your bathroom or – to keep it simple – at all times.

Keywords: For all hair and skin types / For both, women and men / Easy to use, frequent wash / Main note: bergamot / Rich in essential oils
